**THE INFOSECURITY EUROPE PRESS OFFICE HAS A NEW LOCATION FOR 2018 -
The Apex Room, National Hall (Gallery Level), Olympia!**

- **EUROPE’S NO.1 INFORMATION SECURITY EVENT IS RETURNING TO OLYMPIA:** Over 400 exhibitors and 19,500 infosecurity professionals showcasing and debating the latest innovations and challenges in cybersecurity. Growing by 50% over the last 2 years, the show is Europe’s largest gathering of information security professionals.
- **INFOSECURITY EUROPE 2018 THEME - BUILDING TOMORROW’S CYBERSECURITY TODAY:** This year’s conference theme reflects the need for the information security industry to get one step ahead of the cyber adversary. The Keynote Stage seminar programme will address the challenges of building strong cybersecurity strategies and tactics to protect an organisation’s critical information assets as the world around transforms. Key topics include:
 - **Solving the people problem:** Discover how to make the user the strongest link in information security and understand how to build the cybersecurity team of the future
 - **Preparing for tomorrow’s technologies:** AI, Blockchain and Quantum computing – what do they all mean for information security?
 - **Supporting digital transformation:** Understand how information security can support and add value to the business as it transforms and innovates
 - **Defending against the latest cyber risks, threats & vulnerabilities:** From third party risk to the IoT – what are the risks you should be worried about and how should you defend against them?
